

Taxbrowser

The Online Tax Information Portal

Track tax payments, notices, and more online, anytime

Taxbrowser is a secure site that can be accessed over the Internet with a standard web browser. This one site has the information you need to conveniently search, sort and view your tax account data and daily activity, for you and your clients.

With Taxbrowser you can:

- Complete client conversion documents online
- View payment confirmation of Federal, State, and Local tax deposits
- View tax and fee collections
- Export tax data to Excel
- View Quarterly and Annual Summaries
- View tax IDs and rates on file
- Track Notice resolutions
- Sort data by: Check Date, Collection Date, Tax Type, or Payment Date

Taxbrowser puts *you* in control. Taxbrowser is the simple, user-friendly portal that will keep you informed and in control of payroll tax activity.

Online Client Conversion Tools

End the hassle of Manual Conversions with Taxbrowser's online Client Conversion tools. Complete Conversion forms online, anytime, anywhere — in a secure, encrypted environment. The Online Conversion forms allow you to select only valid form values, reducing the number of errors on conversion documents. Conversion forms can be saved online and e-mailed for signing.

- Expedite the tax conversion process
- Improve legibility and accuracy of conversion documents
- Required fields help prevent data omissions
- Save incomplete documents and finish at a later time
- Automatically validate field formatting
- Store completed conversion documents online
- Includes baking debit authorization
- E-mail completed conversion documents as a PDF

Online Quarterly and Annual Summary Reports

The Online Quarterly and Annual Summary report is a standardized, easy-to-read, condensed report of all activities performed on your (and/or your client's) behalf by PTP. The Summary report fulfills legal requirements, and it has been customized to meet the specialized requirements of taxing Agencies. This report can be used in place of printing actual copies of the tax returns.

- Reduce quarterly printing and shipping cost
- Eliminate reprint request
- Keep historical data online
- Reduce paper document storage
- Eliminate the need for separate documents for each agency
- Reduce the number of tax documents your are required to retain
- Detailed breakdown of deposits by tax type.
- Standard easy to read format
